## Honoring service & sacrifice of our military

Caring for returning soldiers' needs

**Counseling & Recovery**   
SERVICES OF OKLAHOMA 

On Monday, we honored fallen heroes and our soldiers who are serving and returning home. Many of us have veterans in our lives. Most veterans make the transition back to friends, family, home and work. We are here for those who struggle with this transition.

At Counseling & Recovery Services of Oklahoma, we are committed to honoring and helping veterans every day. We partner with the Community Service Council of Tulsa, other community agencies and the U.S. Department of Veteran's Affairs to reach out to veterans who need treatment, advocacy and support in nine counties, especially those who are homeless or at risk of homelessness. To learn more about this partnership, follow this link to a [Monday, May 28th Tulsa World article](#).

Our trained and certified staff members who have a background in military culture provide advocacy and support to veterans in Tulsa, Creek, Okmulgee, Osage, Rogers, Wagoner, Cherokee, Muskogee and Washington Counties.

We also provide veterans' treatment for Post-Traumatic Stress Disorder and substance abuse.

The transition is difficult for families as well. We provide treatment, education and support for the whole family.

For more information about these services, call 918.492.2554 and ask for Veterans' Services.

### **Latest health news**

#### **Mental health tops non-combat hospitalizations**

According to [Time Magazine](#), The Pentagon reported four of the top five non-combat conditions sending troops to the hospital in 2011 were mental health related.

### **Army reviews mental health denials**

The Army is launching a review of mental health cases dating back to 2001 to make sure soldiers with a behavioral health illness were not denied medical benefits. [USA Today](#).
