Adverse Childhood Experience (ACE) Questionnaire

This Questionnaire will be asking you some questions about events that happened during your childhood, specifically the first 18 years of your life. The information you provide by answering these questions will allow us to better understand problems that may have occurred early in your life and allow us to explore how those problems may be impacting the challenges you are experiencing today. This can be very helpful in the success of your treatment.

While you were growing up, during your first 18 years of life:				
	1	If yes enter 1		
 1. Did a parent or other adult in the household <u>often:</u> Swear at you, insult you, put you down, or humiliate you? Or Act in a way that made you afraid that you might be physically hurt? 	□ Yes

Many difficult or stressful things sometimes happen to people. Please read through the following instructions and initial if you feel none of these questions and initial if you feel none of the questions apply to you. Instructions: This questionnaire asks about problems you may have had after a very stressful experience involving actual or threatened death, serious injury, or sexual violence. It could be something that happened to you directly, something you witnessed, or something you learned happened to a close family member or close friend. Some examples are a serious accident; fire; disaster such as a hurricane, tornado, or earthquake; physical or sexual attack or abuse; war; homicide; or suicide. First, please answer a few questions about your worst event, which for this questionnaire means the event that currently bothers you the most. This could be one of the examples above or some other very stressful experience. Also, it could be a single event (for example, a car crash) or multiple similar events (for example, multiple stressful events in a war-zone or repeated sexual abuse). Briefly identify the worst event (if you feel comfortable doing so): How long ago did it happen? (please estimate if you are not sure) Did it involve actual or threatened death, serious injury, or sexual violence? _____ Yes __ No How did you experience it? _____ It happened to me directly I witnessed it _____ I learned about it happening to a close family member or close friend I was repeatedly exposed to details about it as part of my job (for example, paramedic, police, military, or other first responder) ____ Other, please describe: If the event involved the death of a close family member or close friend, was it due to some kind of accident or violence, or was it due to natural causes?
